

Remember Your Promises

Dennis Balian, John Moeller, Ryan Boswell

Verse: vi V vi IV Am G Am F

I've heard so many times, how you parted the seas
But I'm standing on the shoreline, only waves in front of me
When I'm tempted to doubt that you're in control
I recall that your word commands them to hold

Chorus: I V I IV C G C F

I remember your promises, you are here
I remember your promises, you are good
You are always faithful, you'll never let me go
Give us faith in your promises, tonight

Bridge: Am G C F

Your presence your power your healing your love
You spirit forever to dwell in our hearts
Your rest from striving, your grace til the end
In you every promise is yes and amen
